Mystery Film at Sequoia

Dashing Erroll Flynn and Brenda (Mrs. "Sea Hawk") Marshall are together again in the new Warner Bros. modern mystery film, "Footsteps in the Dark," which opens at the Sequoia Theater on Sunday.

'Tobaccoland,' Free Booklet Is Offered

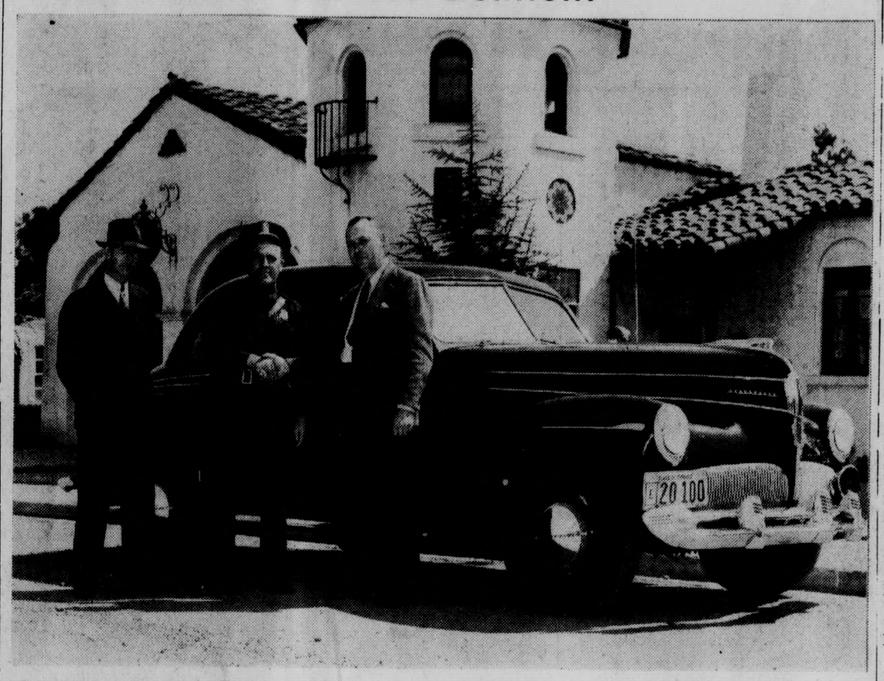
Heading the advertisements in Chesterfield's latest campaign, released nationally this week to newspapers by Liggett & Myers Tobacco Company is a new offer of the free book, "Tobaccoland, U.S.A.".

This book, a large, completely illustrated story of the tobacco industry, has proved so popular with American readers that a second million copies were recently published and are rapidly being distributed. Free copies may be obtained upon request to Chesterfield, P. O. Box No. 21, New York City.

Veronica Lake and William Holden of the coming picture, "I Wanted Wings," and Carole Landis of the current comedy, "Topper Returns," heads the "parade of stars" in this newest Chesterfield series. A special advertisement, to be released when the baseball season opens, features Frank McCormick, star first baseman of the world champion Cincinnati Reds. Other advertisements feature Vivien Leigh and Laurence Oliver of the new picture, "That Hamilton Woman," and Priscilla Lane of the new release, "Miss Wheelwright Discovers America."

A new campaign theme, "It's Chesterfield . . . for a cooler, milder, better smoke," carries throughout the new series and in national billboard showings and dealers' displays and on the radio. Fred Waring's "Pleasure Time" continues for Chesterfield every evening from Monday through Friday over NBC stations, while Glenn Miller's "Moonlight Serenade" every Tuesday, Wednesday and Thursday evening over the Columbia Broadcasting System is renewed for a new series.

New Police Car for Belmont



Belmont's police department has a speedy new Studebaker for its chief, Fred A. Johnson. Shown here is Chief Johnson (center) as he took delivery of the new machine in front of the Belmont firehouse from A. W. McCloud (right) of Bissell Tire and Battery Station, Studebaker dealer in Redwood City. On the left is W. R. Jennings, Studebaker factory representative.

Improved Bus Service Delayed Till Monday

Delay in securing two new buses has forced R. F. Martin, operator of the Redwood City Bus Line, to postpone the inauguration of his new extended service schedule from Wednesday to next Monday, Apr. 7.

Martin purchased two new 14-passenger buses to cover his two routes on runs every half hour during the day time, with 20-minutes runs during the midday shopping hours. The city is underwriting the additional operating cost under an agreement approved by the city council, until the increased service starts paying for itself.

The new buses are in San Francisco being painted and equipped for their service here. Delivery was scheduled for tomorrow, but this morning Martin learned they would not be ready before next weekend.

MENLO PARK NEWS NOTES

MENLO PARK—The members of the Men's Club of St. Joseph School met Thursday evening at the gymnasium to discuss plans and specifications for the two rooms soon to be added to the school. The sum of $1200 was riased at the recent entertainment for the building fund, and this will be the neucleus to inaugurate the work.

The rainfall for the season has been 21½ inches as against 22¾ at this time last year. The average rain for the past 20 years was 13½ inches.

The wild pigeons that were numerous here all Winter are beginning to depart for their Summer homes in the mountains, and old timers say there were more pigeons here this year than on any previous season in many years.

Mr. Richard Harrington and Miss Elaine Emmons will be married on Apr. 19. It will be a quiet wedding with only relatives and a few friends attending. Mr. Harrington is the chief clerk at St. Patrick's Seminary and the pretty bride-to-be is a nurse at the Base Hospital. A cozy cottage is being prepared on the Bay Rd. for the young couple.

The election for a member of the fire department takes place Monday, Apr. 7. Two Atherton citizens have announced their candidacy, W. Dorst and W. Tyler. It is believed others will seek the non-salaried position. The polling place will be at the fire house.

Mr. J. Gale is here from Coalinga to spend a few weeks with his mother, Mrs. A. Gale, residing on Glenwood Ave. Mr. Gale is the owner of a good-paying oil well in the South.

Charles Merrill has begun subdividing his property on Glenwood Ave. into half-acre lots. This is choice realty, well-wooded and in a splendid location.

All property owners have been notified by the street superintendent to remove weeds and grass from vacant lots by June 15. If the work is not done by that time the city will do it at the expense of the owners. Nothing is more conducive to fire than dry grass on unimproved realty.

Foster Andrews, chief of police, has resigned his position, which he had held for several years. Ill health is the reason for his leaving the force. Mr. Andrews made an efficient chief, popular with all and kind and fair to everyone. It is a matter of regret that he should sever his connection with the department. We need more men like him in public office. It is a matter of speculation who his successor will be. Rumor has it that an ex-police officer of San Francisco will be appointed. The council meets next Tuesday, when a chief is to be chosen.

Menlo Park Mayor, Ill, Closes Tire Shop

MENLO PARK—Mayor Joseph Day of Menlo Park announced here that because of ill health he was closing his tire recapping shop at 251 El Camino Real, Menlo Park. Before opening his shop in Menlo Park two years ago, Mayor Day had been established in Palo Alto for nine years.

M. P. WOMAN'S KIN DIES

American cigar factories produce more than 5,223,368,000 cigars annually, according to reports of 600 factories to the census bureau. This is equivalent to about 100 cigars for each male of smoking age.

United States manufacturers of equipment for steam railroads in 1939 built 26,180 flat cars compared with 90,754 in 1937, they reported to the census bureau. This does not include production in railroad shops.

Sixth Draft Call Set for Apr. 21-25

California's sixth draft call was issued today from headquarters at Sacramento with the announcement that 1355 selectees would be taken into military service between Apr. 21 and 25 inclusive. This total is less than half the fifth call of 2742 which will take 49 San Mateo County conscriptees next Monday.

Meanwhile, two Redwood City selectees replacing previous rejections left by train at 8:07 a.m. today. They were Selah Chamberlain Jr., Woodside, and James Satterwhite of Belmont. Only person to see them off—in contrast to crowds of friends and relatives at previous draft group entrainments — was George F. Paul, clerk of the local board. Two Menlo Park replacements, Edward F. Kenney and Floyd C. Saunders, also left today for San Francisco induction headquarters.

Dr. Hendrik J. de Lange Delivers Lecture Here

A lecture on Christian Science, entitled "Christian Science: The Science of Existence," was delivered in Redwood City Woman's Club on Sunday, Mar. 30, 1941, under the auspices of First Church of Christ, Scientist in this city. Dr. Hendrik J. de Lange, C.S.B., of New York City, was the lecturer. Dr. de Lange is a member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

Here follow a number of points the lecturer made:

In conformity with the Bible, the oneness and allness of God is accepted in Christian Science as the fundamental truth of existence, and thereby the nature of everything that really, scientifically exists. Mrs. Eddy's spirituality made her perceive that allness necessitates infinite self-perpetuity and therefore cannot contain an element contrary to its own infinity and eternality. Thus the Discoverer and Founder of Christian Science discerned the entire goodness of God. Divine allness being basic and true, whatever appears as contrary to God's nature—presented by material sense testimony—must be classified as baseless and false.

God being All and thereby constituting all reality, the divine status of man is to be found, exclusively, as the knowledge or idea of God. The striking but unavoidable conclusion reached at this point is that man and real existence are virtually identical. In this understanding are infinite possibilities for redemption, health, prosperity, happiness. It enables one to be freed from everything, every belief unlike God or supreme good.

Divine power becomes available in the Christian Science treatment — the affirmation of Truth and the denial of error. It is divine activity, having nothing to do with human will power or suggestion. Christ Jesus was the great Exemplar of this divine activity, which is the eternal, ever-present Christ. His works, far from being miracles, were an exemplification of divine power. Nowadays these works of healing and redemption abound in the lives of Christian Scientists. Scientifically regarded, they are not human or material. They are the fuller appearance of that which man already divinely is as real existence.

Human or mortal mind is the collective name used in Christian Science for beliefs — for whatever has no divine or substantial existence. Since the one and only Mind is divine, human or mortal mind is a monentity, a deception, a negation. The supposed activity of mortal mind is defined as animal magnetism or hypnotism, rampant in a material sense of existence. It assumes nowadays the disguise of aggressive nationalism, using mass hypnotism as one of its main weapons in subduing nations. The only system actually able to deal successfully with the "murderer from the beginning" is Christian Science. Countersuggestion and mere religious faith can never accomplish it, since they both accept the reality of evil and the plurality of man.

As the cradle of Christian Science, the United States of America has an important part in the work of world regeneration. This country stands for the furtherance and protection of true freedom, exemplified by man divinely self-governed. The mission of Christian Science and the mission of the United States of America concur in this enlightened purpose.
